RESPONSE TO ELECTION REQUIREMENT

COMMISSIONER FOR PATENTS
ALEXANDRIA, VIRGINIA 22313

SIR:

Responsive to the Official Action mailed June 13, 2003, Applicants elect an anthracene derivative as the blue light-emitting material, and, for the fluorescent compound, compounds (17) and (18) (in Claim 30) with a substituted or unsubstituted aryl group having 6 to 30 carbon atoms for each of R¹ to R¹⁶ therein. This election is made with traverse. Claims 1-4, 6-9, 11-18, 20, and 23-30 read on the elected species.

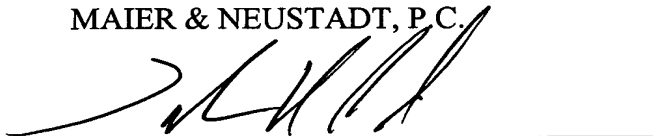

Applicants kindly traverse the election requirement because the Office has already searched the broad claims, and it cannot now be a burden to search the species beneath the broad claims already searched by the Office. There is simply no basis for restricting between the elected and non-elected species.

Application No. 09/749,749
Reply to Office Action of

This application remains in condition for allowance, no prior art being cited to the contrary. An early and favorable indication of same is kindly requested.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.
